SKILLS

- Next.js
- React.js
- Node.js
- Express.js
- Javascript
- MongoDB
- Tailwind CSS
- Firebase
- Next Auth
- Zod
- Redux
- HTML
- CSS

PROJECTS

EMPLOYEE MANAGEMENT SYSTEM

Developed an Employee Management System (EMS) for companies renting employees to clients, featuring drag-and-drop employee-client management, detailed profiles, and assignment tracking. The system enhances visibility, streamlines operations, and optimizes time management.

LK SOCIAL ECOMMERCE PLATFORM

Developed LK Social, a comprehensive social media platform for buying and selling clothing items. Implemented user authentication with Clerk, post management, and email notifications using Nodemailer. Leveraged Express.js and MongoDB for the backend, ensuring seamless user experiences across devices with responsive design. Integrated payment processing through Stripe for secure transactions.

HOMEOPATHIC CASE TAKING APPLICATION (PWA)

Developed a Progressive Web App (PWA) for a homeopathic doctor using React.js, Tailwind CSS, and MongoDB, featuring patient registration, customizable case assessments, and lab test recommendations. The app generates comprehensive reports and supports adding new cases to existing records for efficient patient management.

EDUCATION

BMJ DIGITAL EDUCATION
