SUMMARY

Highly skilled MERN Stack Developer with extensive experience in implementing robust web applications.Proven track record in delivering scalable solutions and seamless user experiences using MongoDB, Express.js, React, and Node.js.

PROJECTS

HOMEOPATHIC CASE TAKING APPLICATION (PWA)

Developed a Progressive Web App (PWA) tailored for homeopathic doctor using React.js, Tailwind CSS, and Context API for the frontend, and Express.js with MongoDB for the backend architecture. This application facilitates efficient patient management with the following key features:

- Patient registration and management system
- Conducting detailed case assessments with customizable questions
- Recommending lab tests and remedies based on individual patient profiles
- Generating comprehensive and customizable case reports
- Capability to add new cases to existing patient records

ECOMMERCE WEBSITE

Developed "LeatherTech Oasis," an e-commerce website for high-quality leather products, using ReactJS and Tailwind CSS for a responsive and dynamic user interface. The backend was built with Express.js and MongoDB, ensuring robust and scalable performance.It includes following features

- **Secure User Authentication:** Implemented JWT for token-based user authentication and authorization.
- **Dynamic Product Catalog:** Created a searchable product catalog with detailed descriptions, pricing, and high-quality images.
- **Shopping Cart System:** Developed an intuitive shopping cart allowing users to add, remove, and manage products.
- **Order Management:** Integrated a complete order processing system.

EDUCATION

FSC (Pre-Engineering)   **2023**
D.J Sindh Government Science College

Matric (Science)   **2017-2019**
Bahria Model School

KEY SKILLS AND TOOLS

- HTML 5
- CSS3.
- Javascript
- TailwindCSS
- Reactjs
- Expressjs
- MongoDB
- Nodejs
- VSCode
- Github
- Postman
- Chatgpt
